Smart Play®
Sprig®

Dig Into Sprig!

Introduce budding climbers to the just-right heights of Smart Play® Sprig®. Kids ages 2 to 5 can discover a variety of ways to flex emerging skills while exploring this new-growth playstructure.

With a color palette as fresh as spring, this whimsical structure looks like it's sprouting from the earth. A foliage-themed Marble Panel® engages the senses at ground level. Above, a leaf slider delights as little ones navigate the bridge beneath a canopy of SkyWays® shade fabric. Tots can step or crawl across leafy pods, slide flower blossoms back and forth, or whoosh down one of two slides to ring the chimes at the bottom. Pair Sprig with the matching 5- to 12-year-old playstructure, Tree Tops®, and you'll create an entire forest of play.

Features:

- Innovative design includes lots of activities in a compact space, requiring less surfacing
- Colorful and artistic DigiFuse® accents add to the forest aesthetic
